Today, I am pursuing my Ph.D. as a researcher at the FBN Research Institute for Farm Animal Biology in Dummerstorf, Germany. I work within a research group focused on energy metabolism and epigenetics, exploring the intricate mechanisms of Aging. This journey would not have been possible without the strong foundation laid at Vikash Degree College.

**Research Associate**

**FBN RIFAB, Dummerstorf, GERMANY**

- I am writing to express my sincere gratitude to Vikash Degree College, where I had the privilege of completing my Bachelor's in Zoology from 2018 to 2021.
- This institution played a pivotal role in shaping my academic journey, and I owe much of my current success to the education and support I received here.
- During my time at Vikash, I was fortunate to attend a workshop at NIT Rourkela, an experience that broadened my horizons and deepened my understanding of Research. Additionally, I had the unique opportunity to publish a research article, thanks to the guidance of my cooperative teachers and the college's stimulating environment.
- These experiences ignited my passion for research and set me on the path toward a scientific career.
- **Vikash Degree College** is more than just an educational institution; it is a vibrant community where innovative ideas flourish.
- The exposure I received here was invaluable, allowing me to discover my passion and build the skills needed for a successful career in science.
- I truly appreciate the supportive atmosphere and the encouragement from my professors and peers. These factors played a significant role in shaping my aspirations and guiding me toward my goals.
